

# Fibre Optic Cables

Fused Fibre Optic Cables are fitted with standard adaptors at both the light entrance and exit adaptors, to suit machine and telescope requirements. Standard lengths of 1800mm and 2300mm and diameters of 3.5mm and 4.8mm are available from stock. Other lengths of cable are also available to order. All cables are individually serial numbered for traceability, and fully autoclaveable.

Choose from a wide range of adaptors to suit all surgical needs. Stock adaptors include Acmi/ British Standard, Wolf, Storz & Olympus.

## Batteries

	Code	Description
	72000	2.5V Rechargeable Battery
	72200	3.5V Rechargeable Battery
	72300	3.5V Rechargeable Battery
	EP39-18918	Keeler Ophthalmoscope 3.75V/2.2Ah Battery
	BAT/AA/ALK	Duracell Procell MN1500 AA Alkaline Battery
	BAT/AAA/ALK	Duracell Procell MN2400 AAA Alkaline Battery
	BAT/C/ALK	Duracell Procell MN400 C Cell Alkaline Battery
	BAT/D/ALK	Duracell Procell MN1300 D Cell Alkaline Battery
	BAT/9V/ALK	Duracell Procell 9V MN1604 9V Alkaline Battery
